Beschreibung

The Bali 4.6 stands out for its spacious design and clever layout, which makes the most of every nook and cranny to offer a comfortable and relaxed sailing experience. Its various outdoor areas allow you to enjoy the sea in different settings, combining spaces for relaxation, socialising and sailing.

Capacity and accommodation:
The catamaran has 5 cabins to accommodate up to 10 passengers, each with an en-suite bathroom, as well as 2 separate cabins for the crew, who thus enjoy their own space and privacy.
The layout includes:
- 4 double guest cabins.
- 1 guest cabin with bunk beds.
- 2 separate cabins for the crew.

Outdoor spaces
Aft cockpit: The spacious aft area flows seamlessly into the interior saloon thanks to Bali's signature Open Space concept. This layout creates a large, open-plan space, ideal for group meals, get-togethers with friends or relaxing by the sea.

Forward sun deck: The forward deck offers a pleasant relaxation area, equipped with comfortable sun loungers, seating and a central table. It's the perfect spot for sunbathing, sharing a snack or quietly enjoying the scenery whilst sailing or at anchor.

Flybridge: On the upper deck, you'll find a spacious seating area with cushions and a second helm station. Its elevated position offers excellent views of the surroundings and allows you to enjoy sailing from a privileged vantage point.

Layout: The spaces are designed to make it easy to move around on board. The side corridors and walkways allow you to move comfortably between the different areas, whilst maintaining a good connection between the lounge areas and the outdoor spaces.

The Bali 4.6 is an excellent choice for those looking for a spacious catamaran, ideal for sharing a holiday at sea with family or friends, whilst enjoying a variety of atmospheres, privacy and all the comforts of a stay on board.
