Beschreibung

We invite you to discover the Cyclades or Saronic Islands in Greece aboard this magnificent manned catamaran that offers boarding from Lavrio. This beautiful vessel from the year 2023 offers capacity for a maximum of ten guests who are comfortably accommodated in four cabins with a double bed and a fifth cabin with two single beds, all of them with an electric ensuite bathroom.

Outside, you can relax and sunbathe in an immense lounge and solarium area at the bow, have an aperitif or dine al fresco at the aft table that has a very pleasant shaded area if you need it, or enjoy the views on the flybridge.

The interior, with all the comforts and 360-degree views that offer a lot of light, consists of a large living room with direct access to the bow and stern and a kitchen with everything you need for a weekly vacation without having to enter port, thanks to its American refrigerator and its spacious storage space. Of course with air conditioning, generator and solar panels, this boat is completely autonomous.

Let yourself be taken care of by its crew made up of a captain and a steward-cook and get to know Greek cuisine in depth or experience other flavors, always at your request and with a menu based on your own tastes and 100% personalized.

Welcome aboard!
