Beschreibung

"Bali 54 catamaran premium available for charter in Balearics and Martinique - Crewed"
The Bali 5.4 Premium is a large luxury catamaran designed to offer a spacious, comfortable and high-end charter experience. With over 16 meters in length and nearly 9 meters of beam, it stands out for its exceptional onboard volume, making it an ideal option for cruising in the Balearic Islands —Mallorca, Ibiza and Menorca— or in the Caribbean waters of Martinique.

The layout is designed to provide both comfort and privacy. The yacht features five spacious double cabins, each with its own private en-suite bathroom and separate shower, as well as a dedicated crew cabin. The guest cabins are bright, well ventilated and offer generous storage space, allowing up to ten guests to stay comfortably on board. This configuration is perfectly suited for families or groups of friends looking to enjoy a shared experience without compromising personal space.

One of the main highlights of the Bali 5.4 is its open-space concept. The main saloon connects seamlessly with the aft cockpit through a large tilting door, creating a single, level living area that enhances the feeling of space. The U-shaped galley is fully equipped with oven, microwave, large-capacity refrigerators, freezer, ice maker and dishwasher, allowing for efficient onboard service throughout the week. Large panoramic windows provide natural light and continuous sea views, creating a bright and welcoming atmosphere.

Outside, the yacht offers several distinct areas to enjoy life at sea. The flybridge includes the helm station, sunbathing areas and a lounge space, ideal for relaxing while cruising. The aft cockpit features a large outdoor dining table, while the forward lounge area with sofas and sunpads becomes one of the most appreciated spaces during anchorages. Wide swimming platforms ensure easy and safe access to the water, particularly convenient for water activities.

The equipment meets premium charter standards, including air conditioning, generator, watermaker, full navigation electronics, sound system, WiFi depending on navigation area, tender with outboard engine and water sports equipment. Everything is arranged to provide autonomy, comfort and safety during the charter.

From its base in the Balearic Islands, the yacht allows flexible itineraries between Mallorca, Ibiza and Menorca, combining crystal-clear coves, peaceful anchorages and vibrant marinas with restaurants and leisure options. Navigation between islands is smooth and suitable for both relaxed cruising and more dynamic itineraries.

The experience is completed by a professional crew composed of a captain and a hostess/cook. The captain is responsible for navigation and safety, while the hostess ensures onboard service and meal preparation, providing a smooth and well-organized stay. The crew has separate accommodation, ensuring guest privacy while delivering efficient and discreet service.

The Bali 5.4 Premium is an excellent choice for those seeking a spacious, fully equipped and high-comfort charter in the Mediterranean or the Caribbean.
