Beschreibung

Remarks :
The Infanta 7.3 is a highly respected offshore RIB, celebrated for its robust construction, exceptional handling, and impressive all-weather capability. Designed with both performance and comfort in mind, she offers a spacious, well-thought-out deck layout that's perfect for entertaining, watersports, fishing, or exploring the coastline. Her deep-V hull delivers a remarkably smooth and dry ride, while the quality finish throughout reflects Infanta's reputation for building premium, adventure-ready RIBs. Whether you're a seasoned boater or upgrading to something more capable, the Infanta 7.3 is a fantastic all-round package that won't disappoint.
