Beschreibung

This Lagoon 55 in 6-cabin configuration is a highly capable and commercially attractive vessel, combining strong charter potential with the space, systems, and onboard comfort expected of a modern 55-foot catamaran. Her well-balanced sail plan, efficient twin-engine setup, and extensive onboard equipment make her equally suited for long-range cruising or premium charter operations.

The Lagoon 55, with its wide beam, large flybridge, and seamless circulation between cockpit, saloon, and foredeck, is designed for onboard living. The innovative aft terraces and open transom areas create a strong connection to the water, while the elevated helm station ensures clear visibility and easy handling under sail.

EQUIPMENT: ESSENTIAL
Electrical circuit 230V with 63A shore power, 230V oulets & USB sockets
Service gel batteries 4x210A (Standard: 6x140A AGM) & batteries controller
Battery charger
Monitoring display (Navicolor)
Extra for electric winch 60.2 (Main halyard winch)
S/steel dinghy hoist system & manual winches (max. load: 500 kg/1,103 lbs)
Forward pulpits with wooden seats and lifeline openings (Port and starboard)
Extra for Bolster helm seat
Indirect lighting in cabins and the salon
Aft windows with opening porthole and blinds in aft cabins
FUSION MS-RA670 player & 4 FUSION loudspeakers (Salon x2 - Aft cockpit x2)
