Beschreibung

XBOAT ref :5978.
Owner's information: This very pretty wooden sloop was built by the Dutch shipyard Meeusen in Holland, according to plans that would have been drawn by the American actor Humphrey Bogart himself, according to legend, who was inspired by the sailboat he owned at the time and wanted an exact replica but in a reduced size of a maximum of 10 m. Only two examples were built. This one is seriously and regularly maintained by its current owner, the boat is equipped for coastal navigation and it was remotorized with a new Yanmar engine of 30 HP in 2023.
