SummaryAquatron II is 42-foot wooden motor vessel is a classic and elegant vessel, often appreciated for its timeless design, rich heritage, and skilled craftsmanship by J Miller and Sons . This boat is a trawler yachts to classic singlle-screw motor yachts, and often attract owners who value traditional artistry over modern speed.
The hull is constructed with traditional methods, carvel larch planking bent over Iroico frames,
The deck house is well appointed with saloom area and galley behind the helms area. Accommodation to sleep 8 poeple with ensuite toilets.
Brought in 2002 by the currently onwer as a retirement project and completely refitted to a high standard under a marine archtect supervision.
She was coded for 60 mlie offshore and registered on the British shipe regester.
