Beschreibung

Built in 2014 by the Nautitech shipyard to Marc Lombard's plans, the Nautitech 40 Open is a catamaran recognized for its excellent seaworthiness, its comfort of life on board and its performance under sail.Four cabins and two bathrooms, excellent compromise between space, conviviality and capacity for a family long-distance cruising program.The "Open" concept developed by Nautitech creates true continuity between the cockpit and the saloon, offering fluid circulation, exceptional natural ventilation and a panoramic view of the outside. The stern helm provides sailing sensations that are much appreciated by boaters looking for a lively and high-performance catamaran.Thanks to its hull designed by Marc Lombard, the Nautitech 40 Open benefits from particularly safe seafaring behavior, performing well upwind as well as downwind.French flag. Dock dues paid — unpaid VAT, visible in Martinique
