Beschreibung

Iconic Classic Yacht with Timeless Italian Heritage

This exceptional classic motor yacht represents a perfect balance between traditional craftsmanship and refined onboard comfort. Built with elegant lines and high-quality materials, she offers a unique blend of performance, style, and practicality, making her ideal for both leisure cruising and collectors seeking a distinctive vessel with strong character.

Meticulously equipped with advanced navigation electronics including AIS, radar, GPS, autopilot, joystick control, and a dynamic positioning system, this yacht ensures precise handling and safe navigation in all conditions. The presence of stabilizers, bow and stern comfort solutions, and a fully equipped deck layout further enhances onboard stability and usability.

The exterior spaces are designed for maximum enjoyment, featuring teak decking, spacious cockpit areas, underwater lights, a T-top for sun protection, and a tender garage for added convenience. The yacht also benefits from a full set of covers and protective upholstery, ensuring excellent preservation and practicality.

Inside, the yacht offers essential comfort systems including air conditioning, reverse cycle climate control, electric marine toilet, and fully integrated 12V and 220V onboard systems, delivering a comfortable environment for extended stays on board.

The galley is fully functional and equipped with a ceramic glass cooktop and multiple external refrigerators, ideal for outdoor living and entertaining at sea. Entertainment onboard is ensured through a complete audio system with speakers, stereo, and AM/FM radio.

Maintained in excellent condition and configured for both comfort and performance, this yacht is an outstanding opportunity for owners seeking a reliable, stylish, and fully equipped vessel for Mediterranean cruising.
