Beschreibung

SummaryFlybridge hardtop | Stabilisers | Private full-beam master suite | Yacht Controller | Excellent condition

This Princess 68 combines a very high specification with excellent presentation and accommodation for eight guests in four cabins, plus a separate two-berth crew cabin.

Twin MAN V12 engines of 1,400hp each have recorded 1,520.6 hours each, while stabilisation, hydraulic thrusters and Yacht Controller provide comfort and practical assistance with handling.

Her layout is particularly appealing for cruising with family and friends. The full-beam master suite has its own private stairway from the saloon, and both twin guest cabins convert electrically to doubles at the touch of a button. An aft galley serves the interior dining area and cockpit, with further space for entertaining and relaxing on the teak-laid flybridge beneath the hardtop and on the foredeck.

An Onan generator, reverse-cycle air conditioning, watermaker, Starlink, hydraulic bathing platform and GALA V330 tender complete a well-equipped Mediterranean cruising yacht.

Broker’s Comments

The present owner searched for ten years before purchasing this Princess 68. Having visited her ourselves, we can appreciate why he chose this particular boat: the combination of equipment, accommodation and condition makes her stand out.

Her interior finishes, upholstery and extensive teak decking are in excellent condition. Warm timber joinery, pale seating and generous glazing give the saloon an inviting atmosphere, while the private master cabin and electrically convertible guest berths offer considerable flexibility. Two couples can enjoy separate double cabins while children or friends use the twins, or both twin cabins can become doubles.

The owner has invested €40,000 in improvements since purchasing her in November 2025, including lighting, a replacement tender and new summer covers. He now wishes to move to a smaller yacht that he can enjoy without crew.

For a buyer seeking a substantial flybridge yacht with excellent accommodation, a comprehensive cruising specification and the reassurance of being able to inspect her on the French Riviera, this Princess 68 deserves close consideration.
