Beschreibung

The Princess 75 motor yacht "SORANA II" represents the ultimate integration of staggering performance and luxurious comfort. Measuring 23 metres with timelessly elegant lines, this yacht delivers a world-class charter experience across two exceptional cruising grounds: the South of France and the Mediterranean during summer, and the Caribbean throughout the winter season.

Life on board is meticulously crafted to maximize relaxation and privacy. SORANA II features a spacious cockpit, a luxurious main saloon flooded with natural light, and superb exterior living areas, including a generous flybridge and forward sunbathing decks ideal for lounging or alfresco dining anchored in secluded coves. To elevate the on-water experience, the yacht offers an extensive array of water toys, including a GALA Viking tender, SUP boards, wakeboard, water skis, and modern SUBLUE GO sea scooters.

The yacht comfortably accommodates 8 guests across 4 exquisitely appointed cabins featuring high-end entertainment systems and private ensuite bathrooms: a full-width master stateroom, a forward VIP stateroom, a starboard double cabin, and a port twin cabin convertible into a double.

The defining hallmark of SORANA II is its dedicated and professional crew of 3, led by veteran captain Jean-Marc Guevara, alongside chef Mathieu Fiquemo and stewardess Veasna Chea. Their unmatched expertise, seamless service, and intimate knowledge of both Mediterranean hotspots and Caribbean hidden gems ensure an unforgettable, tailor-made journey.
